April 7, 2019

Dear Good Area Hope Residents,

Sandy Malcom, a good friend and an avid motorcycle rider came to me the other day and gave me some information that I did not know. I would like to take a minute and pass it along to everyone. I was told that grass clippings that are shot into the road from a lawn mower are very dangerous to motorcycle riders, as they can cause the cycle to slide and lose control thus causing an accident.

I would like to ask everyone, not only in the Good Hope area but the whole State of Georgia to be mindful of this when mowing your lawn. Please make sure you direct your clipping back into your yard and not into the street. We have a long summer ahead of us and if we can prevent just one accident it will be something well worthwhile.

I would like to thank Sandy for bringing this to my attention.

Sincerely,

Jimmy Guthrie
Mayor, City of Good Hope
